December 2009

We are now into the final year of the study, and everything is progressing well and will be completed on time.

Workshops:

The Vienna Workshop held in Vienna on 26th & 27th March 2009 went well.

Annual Conference:

The Annual Conference held at Pollock Halls, University of Edinburgh, went very well and was well attended with delegates from across Europe, USA and Asia in attendance.

Some delegates were disappointed that this would be the last KIDSTEM meeting. We are hoping to hold a meeting before the end of the study possibly in June or July at a venue to be confirmed. This is likely to be for KIDSTEM trainees and coordinators only

Website:

Any items for the Website, should be sent to Louise for inclusion.

Finances:

As we enter the final year of the study, it is important that all monies allocated for the KIDSTEM Grant are spent before the end of this financial year – 31st August 2010.

If you have any queries regarding any issues with the Finances for your Institution, please do not hesitate to contact Trish or myself.

With best wishes from both Trish and I for a Merry Christmas and a Happy New Year.
